

COMMUNITY WORKSHOP BATH & RACQUET CLUB PROPOSED DEVELOPMENT DISCUSSION OF A COMPREHENSIVE PLAN AMENDMENT, REZONE, AND MAJOR CONDITIONAL USE

Date: February 22nd 2018

Time: 6:00 P.M.

Place: New Life Worship Center – 2105 Worrington Street, Sarasota. FL 34231

A community meeting is being held to discuss updated plans for a Comprehensive Plan Amendment, Rezone, and Major Conditional Use for the property located at 2170 and 2104 Robinhood Street, known as the Bath & Racquet Fitness Club (Bath & Racquet).

The property is approximately 12.5 acres in size and is located within the Community Office/Institutional and Community Commercial future land use classifications. A large-scale Comprehensive Plan Amendment is being requested to change the future land use classification of the entire property to Multiple Family (Medium Density). The property is currently zoned with two different zone districts, Office Neighborhood District (OND) and Intensive Commercial District (ICD). A rezone application would be processed concurrently to bring the subject property under the Residential Multiple Family 4 (RMF-4) zone district, which allows for 18 dwelling units per acre and has an overall maximum height limitation of 95'. A Major Conditional Use is also being requested in order to allow for the continued operation of the Bath and Racquet Fitness Club within the RMF-4 zone district.

Access to the subject area would still occur via Glengary Street. Additional access points are being considered. The proposed plan preserves all 12 identified grand trees on-site, and includes 150-180 residential units within three to four-story buildings along the south and east property boundaries, as well as a seven-story building in the existing parking lot area.

The goal of the Bath and Racquet redevelopment is to have a total renovation of the facilities while preserving the Bath and Racquet Fitness Club in a manner that respects the Club's history and addresses concerns expressed by the community. The proposed plan consolidates surface parking and renovates existing buildings and amenities in an efficient manner that maximizes the use of the site, while also preserving facilities, such as 18-20 existing tennis courts.

AGENDA

I. Opening and Introduction

- A. Sign-In/ Introductions
- B. Agenda Review
- C. Presentation (Please take notes of any questions you may have during the presentation.)

II. Questions and Answers

III. Follow Up

- A. Summary will be included in formal application to City
- B. Please make sure you have signed-in
